Vendor	Technology Area	Skills
Palo Alto	Networking	OSPF, BGP, NAT, Static Routing, High Availability
	Security	Firewalls, Global Protect, IPSec VPN, NGFW, PBF, Security Policies, Threat Prevention, Troubleshooting, User-ID
	Management	Panorama Central Management
Infoblox	Networking	DHCP, DNS, Infoblox Grid, IPAM, Troubleshooting, NetMRI, NIOS
Juniper	Networking	OSPF, BGP, Class of Service, Configuration, Design, High Availability, Implementation, Junos, L2 VPN, MPLS, Routing, Spanning Tree, Static Routing, Switching, Traffic Shaping, Troubleshooting, VLAN Implementation
	Security	Firewalls, FW/Router Protection Filters (Self), IPS, IPSec VPN, ScreenOS, SSL VPN
	Management	NSM
Aerohive	Wireless	ACWA & ACWP
Aruba Networks	Monitoring	Airwave
	Security	ClearPass-Guest, Clearpass-Onboard, ClearPass-OnGuard, ClearPass-Policy Manager
	Management	IAP, Instant, Remote AP, Wireless Controller
Extreme Networks	Networking	OSPF, BGP, Design, Multicast config, Spanning Tree, Static routing, Switching, VRRP
	Security	ACL Policies
	Management	Ridgeline
A10	Application Delivery	aFlex scripting, Global Load Balancing, Local Load Balancing
Allot	Networking	Traffic Shaping
Bluecoat	Security	Proxy Server
F5	Application Delivery	APM, Global Load Balancing, Local Load Balancing, iRules scripting
Alcatel Lucent	Networking	Switching and Routing, 7750 SR / Omniswitch / 5620SAM, ADM-SDH
Citrix	Application	Metaframe
	Virtualisation	Xen server 5
Cryptocard	Authentication	Blackshield
Dell	Networking	Routing, Switching
Entrust	Authentication	IdentityGuard
Ericsson	Networking	AXE- Public Switched Telephony Network
HP	Networking	Routing, Switching
Linux / Unix	Desktop	Administration
	Server	Administration
Lotus Notes	Server	Email Server and Client Design and Administration
Microsoft	Server	Active Directory, Administration, DNS, Exchange, NPS/IAS, PKI
	Virtualisation	HyperV
Paessler -PRTG	Monitoring	Setup, monitoring, automatic addition, Configuration, SNMP
Radware (Alteon)	Application delivery	Local Load balancing
RSA	Authentication	Secure-ID
SafeNet	Authentication	SAS-SafeNet Authentication Service
Silver Peak	Networking	WAN Optimization
Ubiquiti	Wireless WAN	Design, Implementation, Troubleshooting
VMware	Virtualisation	VSphere V4.x, V5.x
Pulse Secure	Remote Access	X2 Policy Secure Associate
		X2 Connect Secure Associate

DATA INTEGRATION'S PROFESSIONAL SERVICES

Data Integration Accreditations		
Vendor	Partner Status	Technical Delivery and Support
Palo Alto	Platinum	Fully certified with CNSE & PCNSE6
Infoblox	Platinum	Fully certified with CICE & CIST
Juniper	Select	Fully certified with JNCIS, JNCIP & JNCSP for Sec & Ent
Aerohive	Premier Level	Fully certified with ACWA & ACWP
Aruba	PartnerEdge EMEA Gold	Fully certified with ACCP & ACMP
Extreme	Platinum	Fully certified with ENS, ECS & ECE
A10	Gold	Fully certified with CADE
Pulse Secure	Plus Reseller	Tier 2 Support

Through an open, trusted partnership, Data Integration deliver a good range of highly valuable Professional Services that take the risk, complexity and cost out of delivering network management yourselves.

WHY DO YOU NEED MANAGED SERVICES?

With an ever-growing reliance on network services with increased complexities, it can be a great challenge to maintain network efficiency.

Any service outages or network latency directly impact staff productivity and your organisation's ability to meet business demands. Your in house talent may often be heavily relied upon in supporting such IT issues - fire-fighting resource-intensive problems and trying to maintain user services.

Delivering consistence network availability with the highest level of network performance without compromising your staff resource is paramount in order to become more agile and remain competitive.

WHY CHOOSE DATA INTEGRATION?

Outsourcing your network management offers you many benefits. Partnering with Data Integration will help you to:

- Reduce the quantity, severity and duration of service-delivery problems
- Reduce the time, cost and uncertainty of managing your network
- Ensure stakeholder expectations continue to be met
- Free up your skilled in-house resources to deliver greater value
- Maintain optimum levels of security around the clock

CONTACT DATA INTEGRATION TODAY TO FIND OUT MORE ABOUT SERVICES THAT CAN BENEFIT YOUR BUSINESS.
